Introduction of ticket system in connection with the feeding in the chattrams at upper Tirupathi —

From

The Mysore Court in Mysore,

No. C 33/1923 Dated 15.3.23 Received 15.3.23

Diary No. 1804	Enclos.-	Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

With a view to minimize the cost under Sanctarpane and also to check wastage of cooked food often times, he proposes the introduction of ticket system, and requests that, if his proposal is not approved, the views of Govt. for keeping expenditure within the sanctd. limits, may be communicated to him —

NOTES AND ORDERS.

The previous papers on the subject appear to be in the Mysore Court's office & they have to be got for knowing how the system was introduced.

2 In the first para of the letter, the Mys. Court states that the ticket system introduced by the

3 With the object of keeping the [illegible] ture within the same [illegible] limits, the [illegible] Mug: Court has proposed the re introduction of the ticket system in connection with the Sankarpara [illegible] Abram at upper Tirupati.

4 In what respects the new system differs from the old and how the Peshkar, who found it impracticable to work the old system, will now find it practicable to work the new system, has not been explained.

5. If approved, the papers on the subject may be called for and the M. O. requested to explain the improvements in his present proposals over the old system and whether the Peshkar will find this system practicable to work.

From a perusal of the papers on the subject, it will be seen that the ticket system was, under the orders of the Member, ordered to be introduced in August last in the chattrams on the Tirupati Hills. From the Peshkar's letter of 11.8.22, it will be seen that he had fixed 10-30 A.M. as the time limit for issuing tickets. There is no information in the file of papers as to how the system worked. From the 1st para of the M.C.'s D.O. of 15/3/23 it will be seen that the system eventually got into disfavour & became a dead letter. 10. The improvement which the M.C. proposes over the previous system is that he wants the Peshkar to draw

up, in the middle of each month, of the number of pilgrims that may be expected to be present in the next month and fix the number of tickets to be issued on each day, not exceeding the allotment fixed therefor. The tickets are proposed to be issued at 11 A.M. on each day.

11. While the advantage to be aimed at in introducing the ticket system is fixing the expenditure to the grant, the inconvenience to the pilgrims, if it is feared, will be too many. Some of them may, perhaps, be noted.

1st ly, It may be inconvenient to many to go to the chattram first to obtain tickets. Some respectable persons may not also like to take tickets. The pilgrims are! If there is a large number, they will have to wait for some time, before they can get tickets. What about the Pilgrims coming with provisions?

2-ly, As the number of tickets to be issued each day is to be fixed beforehand, all those who go to the chattram cannot be sure of obtaining them, & some of them must be prepared

to go without them.

3rdly Those who cannot find it convenient to obtain tickets for a meal, cannot have meals in the chattrams

12. All this means, that all the pilgrims that go to the chattrams cannot be fed under the ticket system, as without it and the long-standing practice of the chattrams may, perhaps, interfere - Submd for orders -

SD 12/4/23 The introduction of the ticket system in the 9.4.23 is opposed to the [illegible] Hindu feeling that all pilgrim at Tirupati. No restriction in the matter of giving food to pilgrims was contemplated when the chattram was started, and the only way to meet the extra expense seems to be to give an extra grant of 3000 Rs per annum to our charities there for some years to come.

17 As to Para 14, it is submitted that as about 9 or 10 A.m. about 3/4 of the Pilgrims come to the Chatram and the Chatram Authorities will have an idea of the approximate No. of persons to be fed & will use the minimum Quantity of Articles for cooking. On ordinary days this will be found quite sufficient and one cooking will be enough. But on Extraordinary days which are rare, Cooking food twice a day may be necessary. When I was

Is it usual to consult the Palace on such points of procedure? If approved, as precedent, practice hereafter it, I have not the least objection to the step being taken. I may add that Mr. K. P. Sreenivasaiengar, who paid a visit to Trichy a few days ago, told me that he had heard about the proposal to issue tickets & that the idea did not commend itself to him. Personally, I have an open mind in the matter & I shall be glad to consider any alternative that may be suggested. The main point is to keep down expenditure & avoid wastage if this can be effected without recourse to the ticket system I shall only be too glad to agree to the arrangement being finally settled
